Brand position

A clear and consistent global identity helps build and differentiate Churches Health Association of Zambia (CHAZ) and its brand.

This manual:

- Mandates the specific fonts and colors that must be used.
- Offers general design guidelines to help create materials that promote a positive, consistent and professional visual image.
- Fosters a professional and cohesive visual identity for CHAZ worldwide
- Provides proper usage of the CHAZ name and logo and the design of print and electronic communications.
- Expresses our brand consistently and builds public awareness of our work to enable CHAZ to fulfill its mission.

Each staff member of CHAZ plays an important role in bringing this cohesive identity to life and in maintaining its integrity by applying it consistently throughout all CHAZ communications, including in print (publications, reports, etc.), Web, display, broadcast and electronic formats.

Logo usage

Primary logo

The CHAZ logo consists of five elements: The name and abbreviation, the map with cross and health symbol. All elements must appear together to form the logo.

Logo size

To ensure the best reproduction, do not reproduce the logo any smaller than the minimum size as illustrated here. There are two formats displayed, one for print and the other for online and screen display.

Clear space

In order to keep from crowding the logo, a minimum 5mm clear space equal to the size of the logo must be maintained. No text or graphics should be placed within this clear space.

Approved Logo Colours

Primary Logo Green

The Pantone 355
CYMK: Cyan 94 Yellow 100 Magenta 0 Black 0
RGB: Red 0 Green 153 Blue 72

Back and White Logo

CYMK: Cyan 0 Magenta 0 Yellow 0 Black 100
RGB: Red 31 Green 26 Blue 23

Reversed Logo on Green and Black Background

On solid backgrounds the logo must always be in reverse

Reversed Logo on Picture Background

If the Logo is placed on picture or illustration background, the organisation name and abbreviation should always have a white background with white outlined map. This is to enhance visibility and contrast.

Wrong Logo usage

Never alter or distort the logo and never place the logo on a complex or patterned background.

Never skew or distort the logo.

The logo may not appear on a photographic or colored background except when used as the reverse logo, and then only against the CHAZ green or black background.

Never skew or distort the logo.

Never rotate the logo.

Never rotate the logo.

Never change the color of logo or its element.
